Personalizing your scheduling application is a great way to keep up with your favorite TV shows, theatrical events, concerts, clubs, and more. All you have to do is tell us what kinds of things you are interested in, then we will scan a number of databases to let you know when we find a match. You can make your criteria as broad or as narrow as you like. Just remember, that extremely broad categories (like Genre Drama) tend to give you more results than you may find useful. Give it a try and see what comes up.
